Hi Ed,

Just thought I would write you a note to thank you for doing such a Wonderful job with the billing. I was at a place where I was ready to end my private practice. I could not stand dealing with insurance companies, the paperwork, phone calls, etc. Since you started my billing, I no longer have to get or keep track of authorizations, call insurance companies when the reject billings for unknown reasons, or deal with collecting co-payments and past due funds from clients.

I love being free from all this responsibility. Since you have taken over the billing, I now have much more free time. More importantly, I have free time that is stress free. Thanks ever so much for this.

Of course, I am so grateful that I am making more money!
There are no words to express my gratitude. I just wanted to share some of the great things that I have experienced, since you took over my billing services.

Thanks,

Cindy L. Walker, Psy.D.-PSY 18110
